To whom it may concern

Competitive Foods Australia and Hungry Jack's Australia have had a business relationship with This Solution for 11 years.

Hungry Jack's first engaged with Paul Azad in 2002 to assist in the supply and support of new point of sale hardware solution utilising our current POS software provider. The solutions Paul brought forward were inovative and inventive which allowed Hungry Jack's to implement a high quality cost effective solution to all restaurants nationally.

Over the years This Solution as a company has grown with Hungry Jack's and Paul has built a professional committed team to provide Hungry Jack's a strong support resource.

This Solution continue to support 300+ Hungry Jack's Restaurants nationally for all front and back of house systems and Competitive Foods Australia constantly utilise Paul's knowledge and commitment to improve systems and processes across our business.

It is because of Paul and his team's commitment to quality service, Paul's trustworthiness and ability to "think outside the box" to provide solutions, we continue use them as a business partner and it is for these reasons I have no hesitation in recommending This Solution.

This Solution and Paul are a passionate and committed team and always provide a service above and beyond to our business and I look forward to continue working with them for many more years to come.

Regards
